What is the Holobox?

An interactive kiosk designed to support language preservation, cultural storytelling, and community engagement.

The Goal

- Learn and practice Indigenous languages
- Engage with community stories and teachings
- Interact with traditional knowledge and artifacts
- Strengthen intergenerational connections through digital media

Main Components

Elder Stories

Oral storytelling recorded by local Elders

3D Artifact Exploration

Interactive display of digitized artifacts

Craft & Skill Videos

Instructional videos that teach traditional crafts

Design Objectives

Culturally Grounded Aesthetic

Embodied & Multisensory Interaction

Sustained Motivation & Playful Engagement

Accessibility & Inclusivity

Authentic Elements

Everything you see is from and by the community

Holobox Demo
